

Glenn Patton

July 18, 1925 to May 29, 2018

Glenn is a native of Sioux Falls, SD but moved to Eugene, OR at the age of 12. He graduated from Oregon State U. at Corvallis with a degree in Business and Technology. He served as an aviation cadet and spent two years on active duty with the Army Air Corps. He then went to work for IBM where he stayed 36 years before retiring in 1988. But he didn't retire for long! He had a second career as owner of a Round Table Pizza restaurant in Sunnyvale which he enjoyed for 16 years.

Glenn met Jolly on a blind date while at Oregon State U. They were married in 1952. Jolly was born in Portland, OR and raised in Salem. She earned her degree in Home Economics. They have three children and seven grandchildren -- all girls. Two children live in this area and one lives in Virginia.

After the children were grown, Jolly went to work for General Electric Nuclear Energy in San Jose, starting as a temp and staying for 22 years in Human Resources. They moved to SRC from Saratoga where they lived for 41 years. Before that they lived a short time in Redwood City and in Salt Lake City, UT.

They have been avid golfers, line dancers and bridge players. They took many cruises, but their latest trips were an African safari and a tour of Egypt with a Nile cruise. They love their condo in Palm Desert. Besides belonging to Elks, Masons and SIRS, Glenn was a volunteer in the chaplaincy service at O'Connor Hospital. They are both active in the Saratoga Federated Church.
