

Peggy Pasqua
November 7, 1923 – July 22, 2008

Peggy was a native of Troy, NY where she lived until she married Conno in 1948. At that time she was working as a model, mostly for jewelry. She also loved to dance, and would only go out with boys who were good dancers. She also loved animals and the family had many pets. After raising her three sons, she decided to go to college while in her 60's. She got BA degrees from San Jose State University in anthropology and history. At the same time, she did volunteer work at Los Gatos Community Hospital.

Peggy and Conno were married for 60 years, and in addition to their three sons have four grandchildren and three great grandchildren. She enjoyed traveling with her husband on international business trips as well as visits to Ireland to trace her roots and to Italy to trace Conno's. Besides dancing, she enjoyed crocheting.
