

**Martha Kozlowski**

March 3, 1934 to September 7, 2011

Martha was born and raised in Orange County, southern CA. She earned a degree in education from UCLA where she met her husband, Jerry, who was an aeronautical engineer. She taught in Studio City until they moved to Lancaster, Santa Maria, Cupertino and finally Saratoga where she has lived the last 35 years. They have three children and six grandchildren, who all live in northern CA. Her husband worked on the US space program and later as a real estate developer. They were married for 48 years. He died in 2006.

Her favorite travel experience was the summer they spent flying all over the US with her husband piloting their plane, showing their three young children the south, the East Coast up to New York City, Boston and Montreal, Canada, before returning via Chicago. They also enjoyed many cruises on everything from canal boats in France to freighters to luxury cruise ships. And they loved spending time in Hawaii on the island of Maui. The family traditionally celebrates July 4th at Donner Lake, watching the fireworks from a boat.

Martha enjoys bridge, theater, lectures and good books. All her adult life she has been active in many volunteer organizations from Panhellenic to Children's Home Society, PEO, Allied Arts, Tokalon, Saratoga Foothill Club and more. Now she is trying to fit SRC activities into her schedule!
