

ELLY SCHYLE

October 12, 1918 to December 18, 2018 100 + Years!

Elly was born and raised in Hamburg, Germany and attended business college there. When she got married in 1938 she moved with her husband to Bremen where she lived through WWII and raised two children. Her daughter now lives in South Africa, but her daughter's two children live in California, and her son lives on Lake Constance (on the border of Germany, Austria and Switzerland) and has two sons all living in Germany. This gives Elly a good reason to visit every year, and she will spend six weeks this summer in Germany for her grandson's wedding.

With her second husband, she came to the U.S. in 1958 and lived in New Jersey. On a trip West, they fell in love with California - the climate, sunshine, scenery - and moved to San Francisco in 1961 where they became citizens in 1963. Later they bought a home in south San Jose's Almaden Valley, and after her husband died in 1988, Elly lived there alone until moving into SRC in January, 2006. She particularly enjoys the pool here which she uses daily.

She and her late husband were great travelers and brought back many treasures from trips to India, Indonesia, China, South Pacific, South America, Australia, New Guinea, Egypt and Jordan. She has returned to her favorite, Bali, several times. Her favorite cruise line is Holland America and she looks forward to taking more cruises.
