

Marilee Hedley

October 19, 1932 - August 31, 2006

Marilee is a native of Utah, the middle sister of seven girls. She left Carbon College in Price, Utah, to join the Navy during the Korean War and spent three years at Great Lakes, Illinois. There she met her husband, who was an instructor in the Marines. They moved to the University of Illinois at Champagne/Urbana where he earned a degree in architecture, and then they came to San Jose where they lived for eight years.

Her husband spent 40 years as an architect and designed the Los Gatos house they lived in. They have two children and six grandchildren. They also bought a town house at Rio del Mar Beach at Aptos 35 years ago where Marilee still spends every weekend. She has been widowed 20 years.

Marilee and her family traveled widely, renting or exchanging homes in Switzerland, France and the Channel Islands. Marilee played golf and bridge at La Rinconada Country Club for many years. She "retired" from volunteering in various organizations to work for her husband, managing properties. She retired from golf but still enjoys bridge with many old friends, some who live at SRC.
