

Corinne Butterfield

7/18/1922 to 5/22/2015

Corinne is a fourth generation Santa Clara County resident! Her grandfather had a prune ranch in the Willow Glen area, and she and her husband Frank built their family home on this property and lived there 48 years before moving to SRC. She attended local schools and San Jose State College and then worked in the engineering department of San Jose Water Co. Corinne and Frank met in third grade, but didn't date until college. They were married in 1946, have three daughters, four grandsons and two great grandchildren. After Frank took early retirement from Lockheed, he owned and operated four Baskin-Robbins ice cream stores for 28 years with the help of his family. Corinne and he were looking forward to celebrating their 64th anniversary in July when Frank died of a sudden heart attack on May 14, 2010.
